Four Points Property Management, Inc. is a full-service, licensed, residential property management company, specializing in condominium association management and condominium conversions.

Hialeah, FL, January 1, 2007 -- Delivering Property Management Services That Work!

Four Points Property Management, Inc. was founded in early 2006 with the desire to provide the highest quality community association management services available. "We believe that effective association management is a critical ingredient for successful association operations", says Marc Rodriguez, President and CEO. "A community association manager is responsible for implementing the decisions of the board of directors in running the day-to-day operations of the association and it is our ultimate goal to meet or exceed our clients' expectations".

Four Points was started to provide the highest quality community association management services available. Effective association management is a critical ingredient of successful association operations. A community association manager is responsible for implementing the decisions of the board of directors in running the day-to-day operations of the association.

Four Points is completely dedicated to the management of the properties that they represent. They currently manage and represent over two thousand residential units; they work closely with the Board of Directors on a daily basis in order to attend to the daily activities that are required for the proper management of successful community living.

Four Points Property Management, Inc. is a growing leader in real estate management. With a rich diversity of undertakings, the company identifies itself as a multifunctional organization flexible to the needs of the marketplace.

A fully integrated property management company, Four Points' specifically designed teams formulate an efficient operating structure. Stronger and more able than ever before, Four Points is making its mark in South Florida.

Their extensive hiring process asserts that only qualified and licensed professionals retain the fiduciary responsibilities involved in community association management.

Every day, in markets across South Florida, Four Points applies their experience, insight, intelligence and resources to assist clients in making the most out of their real estate assets.

Four Points mission is to find innovative ways to control costs while increasing property values and maintaining the highest level in resident satisfaction and comfort. Four Points recognizes that no two owners or properties are the same. Four Points is known for carefully listening to their clients, and then developing a plan and structure that fits their clients' goals. From accounting to maintenance, we tailor to your business needs by delivering property management services that work!
